Global Reading of The Gaza Monologues**

[ASHTAR Theatre](#), due to the horrific war taking place in Gaza, is launching an urgent request to all its friends and theater makers around the world to publicly read or perform The Gaza Monologues on November 29th, 2023; The International Day of Solidarity with the Palestinian People - a significant day for those who value justice, equality, and freedom for the Palestinian people.

The Gaza Monologues are testimonies written by ASHTAR youth in 2010, after the first war on the Gaza Strip. Tragically, these Monologues are still accurate today. They are highlighting the horrors, hopes and resilience of the courageous Gazans to a wider audience, bringing out the voices of children and people in Gaza.

To download the Monologues in different languages please visit: [The Gaza Monologues](#). By sharing these Monologues, we hope to create more empathy and awareness internationally. Your solidarity is greatly appreciated.
